

Hello Year 2,

Year 2

Can you believe that this is officially the final week of our academic year and your final week in Year 2? I can't.

I know that you will all be very tired from all of the fantastic work you have been doing at home the past few months but please carry on working hard for just one more week! I am incredibly proud of all of you and what you have achieved this year. You have shown your hard work, determination and resilience. You are all Sacriston stars!

This is your final week to achieve all of the online certificates and be entered into our prize draw so please remember to check which certificates you haven't received yet and get working to achieve them!

From Miss Watson ☺

Maths

This week in maths we are going to practice and consolidate our knowledge of division and then practice using all 4 operations (addition, subtraction, multiplication and division).

Lesson 1– Sharing

Please complete this BBC Bitesize lesson called 'sharing'- <https://www.bbc.co.uk/bitesize/articles/zfxtnrd>

Lesson 2 – Dividing by 2, 5 and 10

<https://www.youtube.com/watch?v=lymBFWfETL4>

$2 \div 2 =$	$4 \div 2 =$	$50 \div 5 =$	$30 \div 10 =$
$12 \div 2 =$	$55 \div 5 =$	$90 \div 10 =$	$90 \div 10 =$
$20 \div 10 =$	$18 \div 2 =$	$80 \div 5 =$	$15 \div 5 =$
$42 \div 2 =$	$6 \div 2 =$	$70 \div 5 =$	$5 \div 5 =$
$16 \div 2 =$	$40 \div 5 =$	$76 \div 2 =$	$60 \div 10 =$
$68 \div 2 =$	$30 \div 10 =$	$35 \div 5 =$	$66 \div 2 =$

Lesson 3 – (Wednesday live lesson) – Dividing between different numbers

Lesson 4 (Thursday live lesson)– Division word problems

Lesson 5 (Friday live lesson) – 4 operations quiz

This week in literacy we are going to plan and write our own story about a pirate. It is completely up to you what happens in your story as long as it has 4 parts: the beginning, a problem, a solution and an ending.

Lesson 1 (Monday live lesson) – Planning the characters and setting of your story

Lesson 2 (Tuesday live lesson)– planning the 4 parts of your story

Lesson 3 – Writing the beginning and problem parts of your story.

Using your plan from the two live lessons on Monday and Tuesday, begin to write your story. Take your time to focus on the beginning where you will introduce your main character and say where the setting is.

Remember to use lots of adjectives to make your writing interesting – I've never seen your pirate or their ship before so you need to describe it to me. After you have finished the beginning you need to write the problem part of your story. Remember to write in detail what problem your pirate faces.

Lesson 4 – Writing the solution and ending of your story

Read the beginning and problem part of your story that you wrote yesterday to remind yourself where you were up to. Continue with your story by writing the solution part of the story where your pirate's problem will be solved. After that, write the ending of your story.

Lesson 5 – Edit and improve your story.

Read your finished story. Take a look for things that you think you could add it to make it even better. Once you are happy with your story, read it aloud to somebody in your house. I would love to hear it too so why not ask your adult to record you reading it and upload it onto your portfolio for me!

Extra activity –

Design a front cover for your story as if it was a real book! Make sure it looks good so that people would want to read your story.

PSHE

Setting goals

What are you going to achieve this summer? This is the last week of 'online school' as next week it will officially be your summer holidays. This week, for your PSHE, I would like you to set yourself some goals that you would like to achieve over the summer holidays. These can be new things you want to learn, places you want to go or people you would like to see.

Here is an example one showing you things you could include in your list.

My Summer Goals

A book I want to read:	
Something good I can do for the environment:	
Helping someone in need:	
Being a good citizen in my community:	
Helping at home:	
Something fun to do:	
Try something new:	
Relax:	
Learn something new:	
Get better at something:	
Participate in a sport:	
Conquering a fear:	

Geography

Features of a beach and coastline

<https://www.youtube.com/watch?v=6qO0mu6YJW8>

Watch this video of Barnaby Bear visiting the seaside.

Write a list of 10 things that you might stop on a trip to the seaside.

RE

<https://classroom.thenational.academy/lessons/where-do-jews-worship-today>

Please complete the lesson called 'Where do Jews worship today' on the National Oak Academy.

Something extra

Pirates

I have set you three 2 Dos on Purple Mash called 'pirate', 'pirate ship' and 'treasure map'. As part of our coastline topic, I would like you to design your own pirate and the ship that they would sail the sea in and the treasure map they would use!

Challenge of the week/ PE

Normally at this time of year we would have our sports day where we would complete a range of sun activities in our team colours but unfortunately we can't do this this year.

Your job this week is to host your own 'sports day' in your house, garden or outdoor space. You can decide what races and games you play for your sports day. You could even time yourself doing the different activities and keep a score sheet with the other members of your family who will part with you.
