

Hello Nursery,

What a beautiful week it's been again. So much so that I'm sure you will have seen that the sun has encouraged Caleb's sunflower to flower - check it out on our class story. I must also send you a picture of the peas and carrots I planted as the pods have grown and you can see the peas swelling inside. I can't wait to have them for my tea! Please send me any photos of things you have grown.

This week's tasks are all based around dragons. Dragons often appear in old stories and although sometimes scary they can be friendly, helpful creatures too. Enjoy your dragon themed week!

Take care and stay safe!

## Maths

This week is all about dragons! Can you order numbers 1-5 and then 1-10 using this dragon?

You could make your own dragon too and stick the spots on each part to represent the numbers.

## Reading and Writing

Dragons feature in a lot of fairy tales. Can you think of a story where you have met a dragon? Can you make your own story up together with a dragon in it? I would love to see a drawing of your story!

Dragon begins with **d** can you find things in your house that begin with d too? Perhaps you could send me a photograph of them on Dojo?

Wonderous Words this week are: **fire, fly, breathe, hot**

## Science

Dragons breathe fire! Remember some of the words to describe this from our Wonderous Words? What else is hot? Can you think of some things that are hot that you have to stay safe around? We have had some sunny weather, how do you keep safe outdoors when it is hot? Watch this video clip and show me some photographs of you keeping safe whilst enjoying the sunshine!
