

Hello Nursery,

This week, your activities are holiday themed! That's because believe it or not, our 6 week holidays start this Friday! It's been a very unusual school year but I have to say just how much I have enjoyed teaching you all despite it being for a short time.

For some of you, in September, you will be moving to a new school. Myself, Mrs Cossey and all of your nursery friends wish you the very best and hope you make lots of new friends, work hard and continue to be your amazing self.

For the rest of you, we cannot wait to welcome you back to Sacriston Academy and continue your learning journey with us. We have our exciting new outdoors area and loads of lovely things planned to do.

So, enjoy your summer, stay safe and above all remember you are all SACRISTON STARS!!!

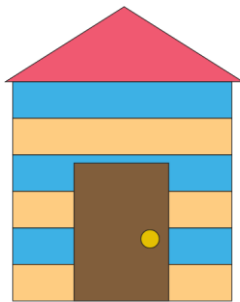

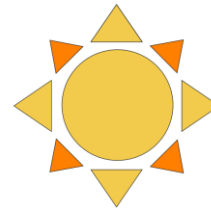

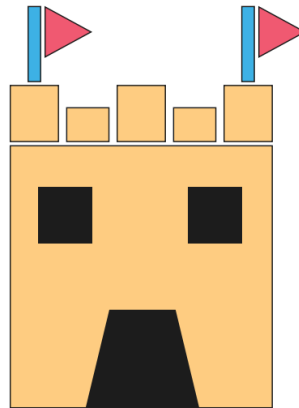

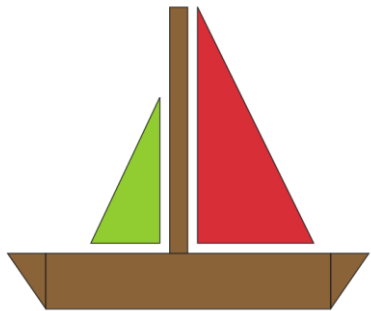

Take care,

With love from

Mrs Parks and Mrs Cossey

Maths

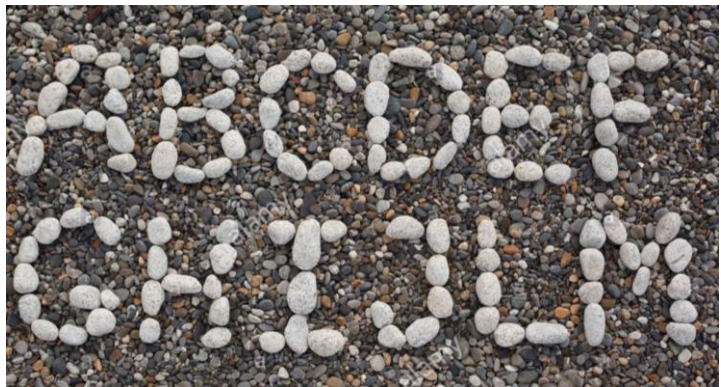

Can you create some holiday pictures using 2D shapes? You could use shapes in your house or draw some of your own. Can you tell your grown-up the name of some of them?

Reading and Writing

Can you write your name using pebbles or anything you have - could be sweets, cereal, lego etc?

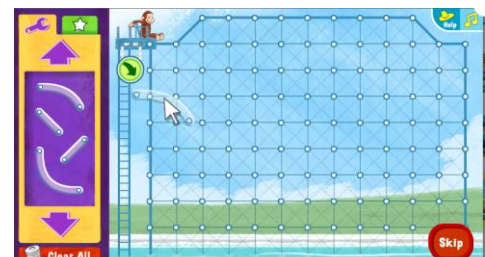

Science and Technology

Make a waterslide to get George to slide down!

Understanding the World (Geography)

Watch this clip about a little girl's first holiday abroad to Portugal

Music

Have a singalong to 'Oh we do love to be beside the seaside'.

Art and Design

What would you pack for a holiday? Could you make a suitcase from an empty box and decorate in? Maybe draw some pictures of items you would take and put them in it! I'd love to see some photographs of these.

PE

You will find daily PE lessons posted on Class Dojo for you from Mr Rattan on Monday and will find the full schedule downloadable here too:

You could also join in with a Moana Cosmic Kids yoga special:

Try something new...

As the world begins to open a little more for travel, you may be lucky enough to still be going away this summer. But many of us won't be able to do so just yet, could you stage a holiday day at home? Where would your dream location be and how could your imagination take you there? I'd love to see some photographs this week of your ideas!
