

Hello Year 4,

I hope you have had a lovely couple of weeks with your families and a well-deserved break! I have included a list of things that I would like you to try to complete this week to benefit your learning. I hope you find this easy to follow but if not please get in touch via PurpleMash. You can record all your learning in the empty workbook you were given in your pack of resources. I look forward to seeing them when we return to school! Remember to stay safe.

From Mr Ratton

Maths

There are lots of fractions and graph related 2dos on Purple Mash; they are recapping what we did last term. I will leave these on for another week for those of you who have not yet managed to complete them! Also, there are lots of multiplication 2dos set as well; this is another way of practising your times tables in addition to Times Table Rockstars.

This week, I would also like you to start working the new topic 'Time'. You will be recapping work from Year 2 and Year 3 this week, telling the time on clocks showing o'clock, half past, quarter to and quarter past. This will be a helpful way of revising previous learning. There are a variety of activities in the Purple Mash 2do section related to these.

Reading and writing

Please complete the geography task before completing this!

Imagine you are on holiday in your chosen state and you decide to write a postcard to a loved one.

Include things like:

- What activities have you done?
- Have you visited any landmarks? What did you think of them?
- What food have you eaten?
- What has been your favourite part of your holiday?
- What is the weather like?
- Can you add a picture of something you have seen/done?

Science

Before we left school, we were looking at the digestive system. I will leave 2dos on Purple Mash for another week for those of you who have not managed to complete them. Our next topic is Electricity. There is information about this on your Road Trip USA knowledge organisers. I have set a 2do on Purple Mash which involves sorting through different household appliances into electrical and non-electrical. Can you find any more electrical appliances around your house? You could make a note of them in your exercise book.

PSHE

At the moment we have a lot of people who are working incredibly hard as key workers to help our country. Can you create a lovely thank you card and post it to somebody that you know is helping us? It could be for the NHS, the police, the fire service, shop workers or anyone else you can think of! Remember to write a nice message inside. I'm sure you will cheer somebody up and they will know that you appreciate how hard they are working.

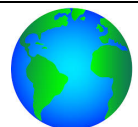

Music

Log onto Charanga Yumu (your log in details are on our Year 4 virtual learning page of the website). Explore the site and see if you can find any of the songs you have looked at during Brass. Can you explain to someone at home the different notes you have been learning? You could write about your chosen song in your exercise book.

Geography

Our next topic in school is Road Trip USA! I would like you to complete a fact file on an American state of your choice. You have your knowledge organisers as a starting point but you can also use the internet! See if you can find out the following about the state:

- What is a state?

- What is the name of your state?
- What is the capital of your state?
- How many people live there?
- What major cities are in your state?
- Are there any major landmarks?
- Where in America is it located?
- What is the most popular mode of transport?
- What are the most popular sports?
- Any other fantastic facts you can find!

Please complete this in your book that you were given as part of your learning pack.

SACRISTON
ACADEMY

PE

Continue to complete PE with Joe Wicks. Answer these questions in your book at the end of the week.

What was your favourite exercise and why? (I liked the kangaroo hops last week!)

What was your least favourite exercise and why?

How did your body feel during the exercises?

SACRISTON
ACADEMY

Try something new....

How many different locations can you read a book in your house? Can you read this to an adult or a sibling?

Watch this video, they put a new one on every day, and try to learn some sign language. I look forward to seeing you sign to me when we return to school!
