

Hello Nursery,

What a wet week it has been! This hasn't stopped some of your fabulous learning from taking place at home and as always, its lovely to see!

I cannot believe there are only two weeks left of school before the holidays. This whole year has flown by and soon some of you will be in Reception (Of course some of you we will welcome back into nursery for which we are really excited about!).

I hope you enjoy this week's activities which are all based around 'Little Red Riding Hood'.

Stay Safe,

From Mrs Parks and Mrs Cossey.

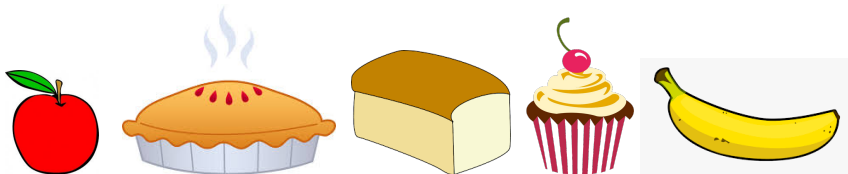

Maths

Little Red Riding Hood takes a basket of food to her Grandma, but oops, it's all fallen out of her basket! She had 6 items altogether, can you check to see if they are all here? Are any missing? How many more do you need?

Reading and Writing

Little Red Riding Hood is set in the woods. Can you think of any other traditional tales that take place there too? Read Little Red Riding Hood and then compare some different stories together.

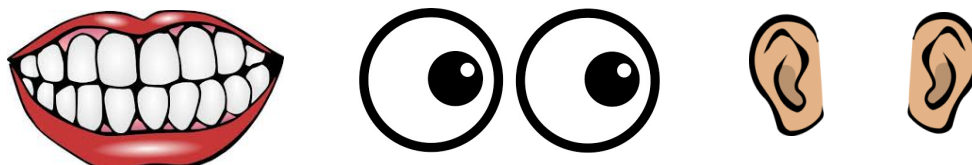

Wonderous Words this week are: red, woods, basket, teeth, eyes, ears

Science

When the wolf dresses as Grandma, Little Red Riding Hood says, 'What big eyes you have!', 'What big ears you have!' and 'What big teeth you have!'. What does he reply to her? Can you think about what you do with your teeth, eyes and ears? These are some of our senses and we use them to understand the world around us. Make a poster to show me what you do with yours.

Music

Tune in to music lessons provided by the Durham Music Service (live stream and then available after too):

<https://www.youtube.com/c/durhammusic>

Art and Design

Can you make your own characters from the story? You could make them using recycled items or make puppets using cardboard. You could then use them to retell the story! I can't wait to see what you make.

Geography

Little Red Riding Hood walks from her house to her Grandma's through the woods. Can you make a map showing the journey she takes? You could either draw it or build it out of construction or using objects you have at home. I'd love to see some photographs of these on our Class Dojo!

PE

Try this Little Red Riding Hood dance workshop:

Try something new...

Here's a little challenge for you, can you work like engineers to solve a problem for Little Red Riding Hood?
