

Merhaba to my amazing Year 5 class!

Hello again everyone! I hope you all had a lovely weekend and enjoyed lots of fun activities. I was blown away again by your hard work and efforts last week, as always. The Teams lessons are impressing me more and more each day and it puts a huge smile on my face knowing that I can be there to help you with your learning.

It has been amazing to see all of your fantastic work on Class Dojo. Please continue to send in your work.

I hope you all have a fantastic week!

Thanks,
Miss Paul.

Maths

This week in maths we will be continuing to use the White Rose Hub website. However, this week is slightly different. The lessons we will be learning this week don't have an accompanying video. Therefore, I will share with you a PowerPoint whereby I will explain each slide. Please read through the PowerPoint before attempting any work to ensure you understand the maths concept. I will post the PowerPoint for each lesson on Class Dojo. For any maths lessons which aren't on Teams, I will also add the worksheets onto Class Dojo.

Good luck, you will be fantastic at this!

<u>Day</u>	<u>Lesson focus</u>	<u>Extra activity</u>
Monday	Multiply 4-digits by 1-digit Teams lesson	TTRS
Tuesday	Multiply 2-digits (area model)	Numbots
Wednesday	Multiply 2-digits by 2-digits	Around the world
Thursday	Multiply 3-digits by 2-digits Teams lesson	TTRS
Friday	Multiply 4-digits by 2-digits Teams lesson	Hit the button

Reading and writing

I would like you to use the following link and follow the instructions from the webpage. The focus of this booklet is 'persuasion and advertising'. At the end of the tasks, you will be asked to write your own persuasive advert for people to attend your school. I have set out the tasks in the days below. Please see which lessons will be completed on Teams. For all other lessons, you can either complete the work in your workbook or on Purple Mash. I will post the name of the 2do as 06.07.20 - Reading and Writing.

<https://www.talk4writing.com/wp-content/uploads/2020/06/Y5-Wizards.pdf>

Day	Task
Monday	Weasel words and fill the gaps game Read the weasel words worksheet as well as the examples with blue words included. Complete the 'fill the gap' worksheet.

Tuesday	<p><u>Weasel phrases and imperative verbs</u></p> <p>Try using some of them to write some sentences about the Wizard Hotel. Write 5 of these sentences. After that, underline or identify the imperative verbs in the paragraph.</p> <p>Teams lesson</p>
Wednesday	<p><u>Leading questions and alliteration</u></p> <p>Think of 5 leading questions for your school. Complete the alliteration challenge to create slogans. Create 5 of these slogans.</p> <p>Teams lesson</p>
Thursday	<p>Design your school</p> <p>Look at the example in the booklet. Design your own school.</p>
Friday	<p>Planning your advertisement</p> <p>Use the planning sheet from the booklet to jot down your ideas based on your own advert.</p>

Since our Teams lessons are Tuesday and Wednesday, you will not need to write it up in a notepad or on Purple Mash. However, for all other lessons, you should use paper or a notepad or the Purple Mash 2Do to complete your work.

ACADEMY

Science

You have tried very hard in our recent science lessons, based on human development. Since we have covered the key parts of this topic, I thought it would be nice to take part in some home experiments.

I have found the following website, which has a variety of different science experiments that can nearly all be completed at home.

Choose which experiment you would like to do and then speak to an adult at home to make sure you are ok to complete the experiment.

It would be brilliant if you could send me some pictures on Class Dojo! Good luck!

ACADEMY

PSHE

Our PSHE focus for this half term is 'Looking at the world' and it is in the strand of 'Living in the wider world'.

Our focus for this lesson is to identify issues of the wider world. You completed the work on recycling amazingly last week, I was very impressed. Therefore, this week, I would like us to focus on renewable energy.

Your task for this week is to create a poster / PowerPoint / word document to explain the following

- What is renewable energy?
- Identify three different sources of renewable energy
- Why is renewable energy better for the world?

Computing

For computing this week, I have set you a 2do on Purple Mash named 'My game'. It is a program on Purple Mash that you may have used before named 2DIY3D. You can use the objects that already appear on the game, however, if you would like to challenge yourself, you can create new objects and obstacles. Have fun!

Topic – Time Traveller (This week and next week)

As a final DT project to close the topic, I would like you to use some time over the next two weeks to design and create your own time machine. You should initially draw and sketch your ideas in order to create a design for your time machine. Once you have your designs, you can then think about collecting the equipment needed and finally, creating your time machine! You may wish to google time machines for ideas. I would love it if you could send some pictures of your time machines on Class Dojo.

PE

Similarly to last week, I would like you to complete three sessions on super movers. You can decide which videos you would like to focus on, it would be great if you could complete new videos. Please use the link below.

<https://www.bbc.co.uk/teach/supermovers>

Good luck!

Extra challenge ... COUNTDOWN CONNUNDRUM!!!

Countdown

Reset

Play

275

75	6	9	5	8	10
----	---	---	---	---	----

Can you reach 275? If not, how close can you get? Good luck!
