

Hi Year 1,

Thank you so much for your contributions to our yellow collective artwork. I don't know about you, but I cannot wait to see everyone's together! You have all been incredibly creative!

As you will be aware, I am extremely busy at the moment as I am back in Year 1 - I have loved seeing some of your faces again! Don't worry if you haven't come back yet though, some of you have decided to continue your learning at home which is absolutely fine. Please just be aware that I may take a little longer to answer your questions. Miss Watson has kindly offered to help with our Class Dojo so perhaps you could message her with your queries and she can help out!

Keep up the great work!
In an hour, sunflower!

Love from,
Miss Hassan

Maths

Keep watching the Bitesize Daily Lesson Videos, remembering to complete the activities in your home learning book. <https://www.bbc.co.uk/bitesize/tags/zjpqgp3/year-1-and-p2-lessons/1>

Day 1: counting to 100

<https://www.youtube.com/watch?v=0TqLtF3PMOc>

Day 2: partitioning numbers

Day 3: comparing numbers

Day 4: comparing numbers

Day 5: challenge of the week

Reading and writing

Keep up with your phonics learning and watch the daily lessons. Remember this could earn you a certificate!

Day 1: Re-read the Story of Sayeeda the pirate princess

<https://soundcloud.com/talkforwriting/sayeeda/s-ewAQUMNjrJt>

Day 2: Fill your treasure chest! Can you think of 6 things you would like to put in?

Day 4: Help Sayeeda to improve her handwriting. Rewrite her letter using your best handwriting.

This week, we are continuing our

pirate adventure!

<https://www.talk4writing.com/wp-content/uploads/2020/05/Y1-Sayeeda.pdf>

Day 3: Sayeeda's diary entry.

Help her to use fullstops and capital letters!

Day 5: Make a pirate hat!

Science

Watch the Bitesize Daily lesson on Wednesday which investigates 'what is sound?'

You can also watch this video at The Observation Station!

<https://www.youtube.com/watch?v=3-xKZKxXuu0>

Follow up on what you find out by trying to see and feel sound vibrations, as well as hearing them. You could hum a tune. While you are humming, put a finger on your throat. Can you feel your throat vibrating?

Questions to investigate:

- Can sound travel under the water?
- Is there sound on the moon?
- What is the speed of Sound?

Your task: make an ear guitar!

https://www.exploratorium.edu/science_explorer/ear_guitar.html

Art and Design

Explore the colours and textures of carnival through paper collage. Use the skills of tearing and cutting to create paper shapes and textures. Layer and stick papers to create interesting effects.

You could use:

- Ribbons
- Feathers
- Sequins
- Coloured and glittered net
- Coloured and metallic paper
- Sewing equipment
- Glue
- Scissors

PSHE

Playing together but apart

<https://classroom.thenational.academy/lessons/playing-together-but-apart>

This week, we will take the challenge of not being able to play some of our favourite playground games and create new ones or adapt the existing ones. The key will be that they will be safe and ensure a safe distance is maintained. Isn't it interesting to think how future generations may view this?

PE

Cosmic Yoga

https://www.youtube.com/watch?v=T_0P5grVoyg

As we have been helping Sayeeda this week, I thought it would be nice to go on our own pirate adventure.

Try something new...

Guess the character!

Think of a character from a book. Write it down so no-one can see.
Have others ask you questions to try and guess which character you chose.
