VE DAY SPECIAL

Thursday May 8th 2025 marked a very special occasion – the 80th anniversary of VE Day, signalling eight decades since the end of the Second World War in Europe. This year's commemorations provided us with a unique opportunity to connect younger generations with this pivotal chapter in history. Through planned activities, we could ensure that the significance of VE Day and the sacrifices made during those challenging years are remembered and understood.

To celebrate this momentous occasion, everyone was invited to come to school dressed in red, white and blue.

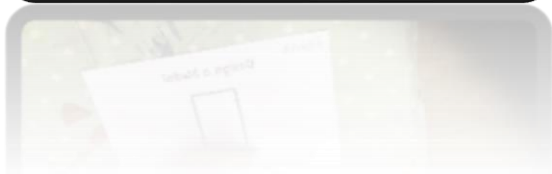

The children found out about VE Day from two special assemblies delivered by staff during which one of the things they did was to they watch a video listening to people's memories from the war and the celebrations that took place when the news was shared that it was over!

We all shared a picnic lunch together, held inside due to the cold weather, but this did not stop the buzz of excitement and celebration in school. After lunch, there was a variety of traditional games on the school field and the celebrations continued with everyone playing together, happy and in harmony and remembering all of those who dedicated and committed their lives so that we could have the freedom we enjoy today.

Please enjoy looking at some photographs taken throughout the day below.
